Burwell Public Schools Classified Employee Handbook 2022-2023 School Year

FOREWORD

Section 1 Intent of Handbook

Welcome to Burwell Public Schools. This handbook is intended to be used by classified employees to provide general information about Burwell Public Schools and to serve as a guide to policies, rules, and regulations, benefits of employment, and performance expectations.

References in this handbook to “Classified Employees” are intended to apply to all staff that are not required by their position to hold a teaching or administrative certificate.

Each classified employee is responsible for becoming familiar with the handbook and knowing the information contained in it. Although the information found in this handbook is detailed and specific on many topics, the handbook is not intended to be all encompassing so as to cover every situation and circumstance that may arise. This handbook is intended to supplement other documents that deal with your employment, including your employment agreement and the policies and regulations of the Board of Education. In reading this handbook, please understand that where a direct conflict exists, state or federal law and Board policies and regulations will control.

This handbook does not create a “contract” of employment. Classified employee positions and assignments may be ended or changed on an “at will” basis notwithstanding anything in this handbook or any other publication or statement, except for a Letter of Appointment approved by the Board of Education.

The administration will be responsible for interpreting the rules contained in the handbook and shall have the right to make decisions and make rule revisions at any time. Should a situation or circumstance arise that is not specifically covered in this handbook, the administration will make a decision based upon applicable school district policies, state and federal statutes and regulations, and the best interests of the District.

This handbook will be in effect for the 2022-2023 and subsequent school years unless replaced by a later edition.

Section 2 Daily Schedule

All elementary Paraeducators are to arrive at school by 7:45 a.m. Jr-Sr High Paraeducators should arrive by 8:00 am. Classified staff must be in their classrooms by 8:00 a.m. in the Jr-Sr High School and 8:15 a.m. in the elementary before students arrive. Make sure to get a half hour lunch break.

Students arriving between 7:50-8:10 a.m. should report to the north end of the building until weather becomes too cold, then report to the gym. There will be no play outside in the morning or loitering in the hallways by students. Keep students in the classrooms as soon as they arrive there. There should be no travel from one classroom to another or excuse to leave for any reason once they have arrived at the classroom. Classes will begin at 8:15 a.m. following the flag salute led by the students over the intercom at 8:15 a.m. Roll and lunch count may be taken prior to the flag salute. **Students will not be counted tardy until after 8:15 a.m.** Students in grades K-6 will be dismissed at 3:15 p.m. On days of very inclement weather, do not mark students tardy until 8:30 a.m.

Para Educators should take the responsibility to discuss with teachers the expectations of their daily routine. Para Educators are expected to be in the classrooms assisting students or supervising students as directed by teachers. Hallway supervision is important for all of us and should be taken seriously. Hallway conversation between professionals should consist of a short discussion conferring on educational strategy or direction. Loitering will be seen as an abuse of work time schedule and may result in a cut in work time hours.

Lunch Break and Schedule

Burwell Public Schools students must check in and check out in the office prior to leaving the school grounds for the lunch period. The school must be notified prior to the lunch period by note or phone when a student is going to leave campus for lunch; this helps assure both the parent and school of the safety and whereabouts of children.

Hot lunches will be prepared and served at the Jr.-Sr. High School. Teachers' meals will cost \$3.85 per meal. Lunch tickets will not be used for keeping track of student lunches. Students will, however, report to their teachers each morning if they plan to eat a hot lunch, bring their own lunch, or go home for lunch. Burwell Public School asks that each individual who eats anytime at the cafeteria pre-pay. The payment will be sent over to the high school. Checks need to be made out to Burwell Public Schools. Any concerns or questions about billing should be directed to the High School Office. Students arriving tardy must be directed to the office to report in for lunch count.

CLASSIFIED EMPLOYEES MUST COUNT THEMSELVES IN THE MORNING IF THEY PLAN TO EAT. FREE MEALS ARE OFFERED TO THOSE WHO SUPERVISE STUDENTS DURING LUNCH DUTY.

Observe students carefully as they leave for lunch to be sure that those eating hot lunch do so.

The following lunch schedule has been set up. Please leave the school and lunchroom promptly at these set times.

2nd, 3rd, and 4th Grades	11:15-11:45 followed by recess – 11:45-12:15
5th and 6th Grades	11:30-12:00 followed by recess – 12:00-12:15
Kindergarten and 1st Grade	11:45-12:15 followed by recess – 12:15-12:45
7-12 Lunch	12:07-12:43

The noise level at lunch must be kept as low as possible. **Do not hold entire classes in the lunch room because of one or two.** Let children know a few minutes before departure time and then walk out with your group, letting the teacher in charge of the other group know that some students are remaining behind with that group. We will expect children to eat what they take and at least try the main meal. Non-milk drinkers should return the milk to the kitchen window or allow others to drink it rather than throw it away. Before leaving, ask students to clean up their area, push in chairs and walk through hallways of school quietly. Classes may, however, be brought across the track area east of the elementary building. Students breaking lunch rules will be asked to sit away from the group until it is time to leave. Perhaps they will also lose noon recess time for a few days

Section 3 Friday Shortened Schedule

K-6 Students will be dismissed each Friday at 2:45 p.m. Classes will be shortened on Fridays to allow a normal schedule to operate. **Friday, 2:45-3:10 is considered planning time and should be used as such. Teachers will be required to remain until 3:10 p.m., unless otherwise cleared with the administrator.**

7-12 students will be dismissed on Fridays at 3:10. Teachers may leave once their classrooms have been cleared of students and required duties have been completed. Never leave students unsupervised.

Section 4 Severe Weather and School Cancellations

The Superintendent of schools is authorized by the Board of Education to close public schools in case of severe weather. Representatives of the Superintendent's staff will notify local news media when inclement weather warrants such action. The information is broadcast regularly by local radio and television stations.

KNLV – FM 103.9 Radio

NTV - Channel 13 Television

Families will also be notified by phone, text and/or email through the PowerSchool SwiftAlert system. Contact information needs to be as current as possible. Please notify either school office of any change to your contact information.

Decision to Close Schools. A decision to close school is made when forecasts by the weather service and civil defense officials indicate that it would be unwise for students to go to school. If possible, a decision about the next school day will be made by 9 p.m. for announcement during the 10 p.m. news. An early decision is not always possible because of uncertain weather conditions. School officials will make periodic assessments of conditions during the night and will decide early in the morning (by 6 a.m. if possible). In any case, **an announcement will be made to the news media when schools will be closed.** In some instances, schools will be open, but certain services may be cancelled (bus transportation, student activities, etc.). Some staff may be designated as being required to come to school even in the event of a school closing.

After School Starts: Every attempt will be made to avoid closing school once classes are in session. In some instances closing school during the day is inevitable if children are to safely return home before the brunt of a major storm hits. In these cases as much advance notice as possible will be given. If school is closed during the day staff will be notified and parents will be notified via media broadcast. Teachers and classified employees will be responsible for remaining with students until all students

have safely left school or the administration has made arrangements for remaining students.

Parental Decisions: Parents may decide to keep their children at home in inclement weather because of personal circumstances. Students absent because of severe weather when school is in session will be marked absent. You should treat the absence like any other absence for legitimate causes provided parents properly notify the school of their decision. Parents may pick up their children in inclement weather (except in case of a tornado) at any time during the school day. Students will not normally be dismissed from school during severe weather on the basis of a telephone request.

Emergency Conditions. Burwell Public Schools has a signal which, when activated, includes the necessity to either evacuate the building or to move to safer areas of the building. All regular drills are held as required by law through the school year. There are plans for Emergency Exit system, Tornado Warning System, and Critical Incident Response. **School officials are not permitted to release students from the school building during a tornado warning.** In the event of an emergency exit alert or tornado warning, you should implement the school's established safety procedures.

Article 2 – EMPLOYMENT, COMPENSATION AND BENEFITS

Section 1 Employment

Employment occurs when the employee signs the Employee's Letter of Appointment and the Board of Education approves such appointment of employment.

Classified employees may be asked in the spring whether they wish to continue in employment during the following school year. This is done for staff planning purposes and does not constitute an offer of employment.

Should an employee wish to resign from employment the employee should give two weeks' written notice of resignation to the Administrator. The request to resign will be acted upon by the Board of Education.

Classified employees are "at-will" employees, and may be terminated at any time by the school district. Notice of termination may be delivered by the administration or Board of Education. The termination of employment will be acted upon by the Board of Education at a regular or special meeting.

Section 2 Assignments

The duties to be performed by an employee with the District shall be subject to assignment by the Administrator. Job descriptions, where available, provide additional information about the position duties.

An employee will be expected to devote full time during days of school to the employee's position and to diligently and faithfully perform the assigned duties to the best of the employee's ability.

Section 3 Personnel File

The District will follow the requirements of state and federal law and regulation with regard to employee personnel files. Employees are to notify the Principal's office of any changes in contact

information (address/telephone). For a name change, provide your new social security card. Employees may contact the Principal to request a review of their personnel file.

Section 4 Grievances and Complaints

Employment related grievances or complaints shall be addressed through the administrative chain of command following the process set forth in board policy.

Section 5 Compensation

Compensation is paid only as authorized by the Board of Education as outlined in policy 4215.

Salary Payments: Salary is payable on a once per month basis for those months when services are performed. Employees will be paid on the 20th of the month, or the last preceding school day, if the 20th falls on a vacation or week-end day. In emergency cases exceptions may be made, subject to the approval of the Board. In no case shall the Board advance more than one month's salary. Upon separation of an employee's employment, or upon fulfillment of the contract, the employee may, at the option of the Board, be paid all wages due in one lump sum. Reimbursements for mileage or other expenses will be considered separate from compensation.

Section 6 Benefits

Classified employees are provided the benefits outlined in their Letter of employment. Employees shall make annual fringe benefit elections by September 1 of each school year. Should an employee fail to make such an election, the employee election from the immediately preceding school and contract year shall be continued. Each employee is responsible for informing the Office of the Superintendent in writing of any changes in benefit status.

Continued health insurance benefits are available through COBRA subject to certain qualifying requirements. A Notice of COBRA Continuation Coverage Rights will be provided to you or will be made available upon request from the Superintendent's office.

The Health Insurance Portability and Accountability Act (HIPAA) provides rights and protections for participants and beneficiaries in group health plans. HIPAA includes protections for coverage under group health plans that limit exclusions for preexisting conditions; prohibit discrimination against employees and dependents based on their health status; and allow a special opportunity to enroll in a new plan to individuals in certain circumstances. HIPAA may also give you a right to purchase individual coverage if you have no group health plan coverage available, and have exhausted COBRA or other continuation coverage. Further information may be obtained from the Plan Administrator of the group health plan.

Section 7 Payroll and Payroll Deductions

Wages/salary and benefits are paid in accordance with the individual employment contracts and negotiated agreement, if any. Payroll deductions shall be made in accordance with law and the negotiated agreement, if any.

Section 8 Expense Reimbursement

Reimbursement for authorized mileage will be paid to employees required to drive their own vehicles during their regular scheduled working hours between two or more work sites. Claims for reimbursement should be submitted to the employee's immediate supervisor. The allowable rate shall

be governed by Board policy, unless otherwise required by law. The District is not liable for physical damage to employee vehicles.

Necessary materials and supplies are provided by the District. If an employee needs additional materials for performance of duties, the request should be made to the employee's immediate supervisor. Employees who purchase materials or supplies without advance approval may not be reimbursed.

Reimbursement for meals or other expenses related to District-required travel must be submitted to and approved by either the Principal or, if the expense relates to an activity, by the Athletic Director. The request for reimbursement should include a voucher sufficient to establish that the expense was actually incurred and that the expense was reasonable and related to a school-purpose.

Section 9 Overtime

Overtime is paid to classified employees in accordance with the Fair Labor Standards Act (FLSA). A publication provided by the federal government which provides more information about the FLSA is attached as Appendix "A" to this handbook.

Classified employees may be classified as either "exempt" or "non-exempt" for overtime purposes. Employees who are classified as exempt employees are not eligible for overtime, while those who are "non-exempt" are eligible for overtime.

Non-exempt employees will be expected to accurately report hours worked. Falsification of time cards is a serious offense.

Non-exempt employees must receive prior approval from their supervisor to work additional hours beyond their regular work schedule. Non-exempt employees will be paid for each hour worked in excess of 40 hours in a workweek and are expected to accurately and timely report overtime hours to their supervisor. The regular workweek for overtime purposes is from 12:00 a.m. on Monday through 11:59 p.m. on Sunday. The administration may establish a different 7-day period workweek from time to time for specified employees or employee groups.

Overtime pay for non-exempt employees will be paid at the rate of not less than 1½ times the employee's regular rate of pay for hours worked in excess of the 40 hour workweek. Employees with two or more non-exempt positions may be eligible for overtime pay based upon the total number of hours worked in one workweek. If applicable, the employee and the Superintendent will agree upon the overtime rate, in compliance with FLSA regulations.

The District's policy is to not permit improper deductions from the salary of exempt employees who are required to meet a "salaried basis" test for the overtime exemption to be applicable. An employee who feels an improper deduction affecting exemption status has occurred may submit a complaint to the Administrator or the Administrator's designee, who shall promptly investigate the complaint. Reimbursement shall be made and a good faith commitment to comply in the future will be given in the event it is determined that an improper deduction affecting overtime exemption has been made.

The District's policy is to authorize unpaid disciplinary suspensions of a full day or more for infractions of workplace conduct rules and to apply such policy uniformly to all similarly situated

employees, including exempt employees who are required to meet a “salaried basis” test for the exemption to be applicable. Unpaid disciplinary suspensions of a partial day or of a full day or more may be implemented for infractions of safety rules of major significance. Deductions of pay of a partial day or of a full day or more may be made for FMLA leaves and in the first and last weeks of employment. In addition, based on principles of public accountancy, deductions from pay of a partial day or of a full day or more will be made for absences for illness, injury or personal reasons when accrued leave is not used or not available, and for absences due to any budget-required furlough.

Article 3 – ABSENCES FROM WORK

Section 1 Paid Leave - Sick and Personal Leaves

Board Policy 4215 outlines Classified Staff leave provisions.

The leaves provided by the District are to be used for the purpose intended. Abuse of leave privileges affects the students, other staff, and the entire District and will not be tolerated.

Requests for Leave

Advance reporting of the need to take a leave is important. A classified employee who becomes ill and is unable to work is to contact your building secretary before 7:15 a.m and should be submitted via WebLink. Continued absence should be reported before the end of the school day on the first day of the sick leave, and on each subsequent day of absence, a report should be made to the administrator or secretary as to whether the classified employee will be able to return to duty on the next duty day. For illnesses or medical situations where the need for the leave should be submitted via WebLink as early as possible.

For personal and other leaves, a Request for Leave through WebLink is to be submitted to administrator or secretary at least five school days prior to the leave, or such other advance notice as is practicable under the circumstances.

Return from Leave

Upon return from leave, classified employees are to review information supplied by the substitute classified employee as to progress made in the classified employee’s area of responsibility. The substitute should be contacted directly if the written information supplied is not adequate.

A classified employee who is absent for any period of time because of injury requiring care from a physician or health care provider, or for a period of one week or more due to illness, must present a written statement to the Principal from the classified employee’s physician or health care provider stating that the classified employee is physically able to return to duty. This statement is to be presented in person before the classified employee returns to duty in order that the present stage of convalescence can be observed and discussed.

Section 2 Payroll Deductions for Absences in Excess of Paid Leave

Should an employee be absent from work in excess of the employee’s accumulated sick leave or other paid leaves, the employee’s salary shall be reduced by the day or days or work missed. In the case of hourly employees the reduction will be made on an hourly basis. In the case of salaried employees the reduction will be made on a per diem basis calculated using the number of days missed as the numerator, and the number of total contract days for the school year as the denominator.

Section 3 Leaves of Absence

A classified employee may apply to the Board of Education for a leave of absence from the classified employee's duties. The Board of Education will consider such requests on a case-by-case basis. No leave of absence shall extend beyond one school year. All leaves of absence shall be without pay except for the payment of health insurance benefits as may be required under applicable state or federal laws.

Section 4 Jury Duty

An employee who is summoned for jury service shall promptly notify the employee's immediate supervisor of such summons. The employee's salary will continue during time spent in jury service, and no deduction of leave time shall occur, except that the District may reduce the pay by an amount equal to any compensation, other than expenses, paid by the court for jury duty. Employees are to notify their supervisor of the amount received for such jury duty.

If an employee, upon reporting for jury duty in the morning, is dismissed from jury duty for the remainder of the day, the employee is to report for duty and resume duties for the balance of the day. When an employee is entirely dismissed from jury duty, the employee is directed to report for duty.

Employees are expected to promptly notify the employee's immediate supervisor of any other form of legal summons which may require an absence from duty. In the event the summons involves a school-related matter, the matter shall be treated similar to a jury duty absence. In the event the summons involves a personal matter, the employee will be required to use available leave days.

Section 5 Military Leave

Employees who are members of the National Guard, Army Reserve, Naval Reserve, Marine Corps Reserve, Air Force Reserve, or Coast Guard Reserve (hereinafter, "reserves"), are entitled to a military leave of absence from their respective duties, without loss of pay, when employed with or without pay under the orders or authorization of competent authority in the active service of the state or of the United States. Employees who normally work or are normally scheduled to work 120 hours or more in three consecutive weeks shall receive a military leave of absence of 120 hours each calendar year. Employees who normally work or are normally scheduled to work less than 120 hours in three consecutive weeks shall receive a military leave of absence each calendar year equal to the number of hours they normally work or would normally be scheduled to work, whichever is greater, in three consecutive weeks. Such military leave of absence may be taken in hourly increments and shall be in addition to the classified employee's regular annual leave.

When the governor of this state shall declare that a state of emergency exists, and any employee who is a member of the reserves is ordered to active service of the state, the employee shall be granted a state of emergency leave of absence until released from active service by competent authority. The leave of absence shall not be a military leave of absence; other forms of leave may be granted. The employee shall receive normal salary or compensation minus the state active duty base pay the employee receives in active service of the state.

Section 6 Family and Medical Leave Act

The Family and Medical Leave Act (FMLA) provides for 12 weeks of job-protected unpaid leave in a 12-month period to eligible employees in specified circumstances. A publication provided by the

federal government which provides more information about FMLA leaves is attached as Appendix “B” to this handbook. Some specifics regarding FMLA leave at [Insert Name of School]:

- A. The plan year for FMLA is a rolling year. A rolling year is a 12-month period measured backward from the date an employee uses any FMLA leave.
- B. Employees will be required to substitute remaining applicable paid leave prior to using unpaid leave. In other words, the total of job-protected paid and unpaid leave is 12 weeks.

If you need to take an FMLA leave, or have any questions regarding an FMLA leave, you should contact the Superintendent.

Article 4 – DUTIES AND RESPONSIBILITIES

Section 1 Hours of Work

Regular, dependable attendance at work is an essential function of a classified employee’s employment position.

Section 2 Arrival to Duty Assignments

Schools have differing starting and ending times for the student day. Classified employees’ work assignments may or may not be related to the regular school day. Classified employees are expected to know their duty dates and times, and be in the classroom at those designated times. Para Educators should take the responsibility to discuss with teachers the expectations of their duty assignments. Para Educators are expected to be in the classrooms assisting students or supervising students as directed by teachers. Hallway supervision is important for all of us and should be taken seriously. Hallway conversation between professionals should consist of a short discussion conferring on educational strategy or direction. Loitering will be seen as an abuse of work time schedule and may result in a cut in work time hours.

Section 3 Leaving School

Employees are to be on duty at all times during the assigned work day. Employees may not leave school or their assigned area during duty hours without checking out at the office. Employees who leave the school during their designated lunch period must check out with the Principal’s office. Employees who leave during their work hours for an approved absence must check out with the Principal’s office or their supervisor when leaving, and check back in upon return. Employees who need to leave during the school day for reason of illness or emergency are to check out with the Principal’s office or their supervisor and make sure that a responsible person has been notified of their unexpected absence so work coverage may be provided.

Section 4 School Procedures

Employees are expected to adhere to the following classroom and school procedures in the performance of their duties:

1. Use of Cell Phones - Cell phones are not to be used during staff/student contact time, or when staff is responsible for supervising students. (i.e. recess, lunch duty, hallways etc.).
2. Checking Out of Equipment - All equipment must be checked out through the building principal. All school equipment may be used only for school purposes.
3. Requisition of Equipment and Supplies - Equipment and supplies which are needed for work duties should be requested through the Principal’s office. No equipment or supplies ordered

through the District may be directed to the personal use of an employee or another District employee.

4. E-mail - Employees may be assigned a school e-mail address for purposes of intra-school and inter-school e-mail correspondence. Employees should check for e-mail through out the day, and should timely respond to e-mails which require a response. Paraeducators and other staff assigned to work with students should avoid checking and responding to e-mails during instructional or supervisory time. Use of the District's e-mail system for personal communications should be limited, and is subject to the rules governing overall computer usage found in Board policy and this handbook.
5. Employee Mail Box - Employees may be assigned a mailbox located in the [insert location of mail box]. Employees should check for mail each morning and also later in the school day, if possible. If something requires an answer employees are responsible for responding promptly. Employee mail boxes are to be limited to communicate regarding school business.
6. Record Keeping - Duties of classified employees often involve keeping detailed records. Make sure to complete these records as directed by your supervisor or classroom teacher.
7. Employees Meetings - Employees' meetings will be held at the discretion of the principal. **ALL** employees are expected to be present for the meetings, unless they are absent from school for good cause or have made prior arrangements or have been excused by the building principal. If you are uncertain whether or not to be there, please check with the principal.

Section 5 Supervision of Students

Proper supervision of students is an important responsibility for employees. Employees who have responsibilities for student supervision are expected to meet the four "P's" for student supervision and safety. All employees of the school should be familiar with these principles, to the extent they may be involved in supervision of students or interacting with students.

1. Proper Supervision
 - a. Report to all duty assignments on time.
 - b. Circulate through your duty area. Pay particular attention to areas and activities that pose an increased risk of injury.
 - c. Be vigilant while supervising students. Never leave students unattended; the need to make a copy is not greater than the need to supervise your students. If an emergency requires that you leave students who you are supervising, request that another nearby staff member provide supervision for you, or notify the office so someone can provide assistance. If you are assisting with recess duty, your responsibility is to supervise the students in your assigned area. When talking with other adults or students, remember that your primary duty is supervision and make sure you are aware of what all students who you are to be supervising are doing.
 - d. Be accountable for students who are assigned to you from the beginning of the supervision assignment to the end. Do not dismiss students early. If a student needs to leave class, make sure they have a hall pass. If the student is to report to the office, inform the office to be expecting the student. If the student is to be returning to your class after a brief absence (e.g., after using the restroom), contact the office if the student has not returned by the time expected.
 - e. If you have seen or have been informed that a particular student has a propensity to act dangerously or in an unpredictable manner, your supervision of that student must increase with the known risk of injury. (Remember, though, that this type of information may be confidential—do not share confidential information about

students except with other staff who need to know the information to perform their jobs).

- f. Be careful with touching students. Use of corporal punishment is prohibited in our school district. Touching students should be limited to that necessary to protect the student from harm (e.g., falling from playground equipment) and that which professional educators determine appropriate for purposes of proper student relationships.
 - g. Be careful with your language. Profanity or abusive language should not be used by you. Be a good role model for students. If a student uses such language, you should make a report to the student's teacher or administration.
2. Proper Instructions
- a. Proper instructions are important to reduce the risk of injury when students undertake an activity, especially an activity that has an increased risk of harm to students.
 - b. Repeat the instructions on how to complete a task that has a heightened risk of danger as often as needed. Do not assume because students heard the directions once that they will be remembered.
 - c. When you go over safety rules with students note it in your written records. If any students are absent when you review the rules contact the student(s) to review the same information and also note that contact in your written records.
3. Proper Maintenance of Buildings, Grounds, and Equipment
- a. Conduct periodic inspections of equipment under your control or in your area of supervision.
 - b. If equipment is broken and presents a risk of injury, immediately take it out of service. If it can't be moved, tape a "Do Not Use" sign and notify the office so those repairs may be undertaken.
 - c. Check your communication device (whether it be a school phone in your supervision area, a walkie-talkie, or a cell phone) periodically to make sure you can communicate with the office immediately in the event of an emergency.
4. Proper Warnings
- a. If you have knowledge of a hazard that can likely cause injury, take steps to warn other staff and students.
 - b. Tell the office so additional warnings may be given.

Contact the Office for Assistance

The office administration should be contacted immediately when a situation exists which could cause injury to students or others. Examples include:

- student fight
- student health problem (fainting, bleeding, high temperature, difficulty breathing, etc.); if the office can not be immediately located, call 911 if the problem appears to be of immediate and serious concern
- a report or a suspicion that a student has a weapon or other dangerous item or drugs, alcohol, or other illegal substances
- presence of an intruder (a non-student or staff member who refuses to go to the office)

Violations of student rules which are also violations of state law are required to be reported to law enforcement. Make a report of such conduct to the Principal so this law may be followed.

Student Searches

Office administration and the student's teacher should be contacted in the event a search of a student or their belongings is needed to be done. Do not conduct such a search yourself without a teacher or administrator being present or having given you clear directions. You may direct a student suspected of having an item in violation of school rules to wait with you until another adult is present, or to follow you to the office if you can leave your assigned area without causing risk of harm to others. Do not use physical force to detain the student or to make the student accompany you except as reasonably necessary to protect the student or others.

Student Rights

Students should be treated fairly and given the same treatment without consideration of race, color, religion, gender, or disability. Students who need special accommodations should be given those accommodations as needed for them to participate in school and school activities. Further, students have the right to have their school records kept confidential. Such information should be shared only with other school staff with a need to know the information to perform their duties.

Section 6 Paraeducator/Student Relations

All relations and discussions with students should be kept on a professional level. Discussion of family and other matters should only be allowed if concern for the child's well being is at question and in the presence of another adult in the building.

Section 7 Role of Paraeducators

Paraeducators provide valuable assistance in the educational process and allow teachers to carry out their responsibilities in a more efficient and effective manner. A paraeducator must not, however, assume teaching responsibilities. The teacher must maintain the role of leadership and responsibility for the students, with the paraeducator in a supportive role. Paraeducators may assist the teacher by, among other tasks, assisting with instructional activities under the direction of the teacher, helping to supervise students, copying tests and other written material, organizing class materials, preparing bulletin boards, grading tests or class work, and calculating and recording grades. Paraeducators are to work only on their assigned work days and within their assigned work day. If a teacher requests a paraeducator to work hours other than the assigned work hours or assigned work day, the administration should be contacted for approval.

Section 8 Dispensing Medication

Employees are not permitted to give any medication to students unless trained under the Medication Aid Act. Students who need to take prescription medicine must have a signed parent release form on file in the office. Medications are to be taken in the presence of the office staff, the nurse, or medication aide and are to be stored in the office. Medical procedures are not to be administered in the classroom except in accordance with the District's Safety and Security Management Plan and the District's Emergency Protocol (asthma/anaphylaxis protocol). If students must take medication and/or perform medical procedures prescribed by a duly licensed physician during school hours, it is the responsibility of the parents or guardians to sign permission to dispense the medicine at the school and to submit a note or prescription from the physician authorizing the medicine and/or medical procedure. School district personnel will not administer medicine, including over the counter medicine, without this signed form and note or prescription. Any medication brought to school needs to be properly

labeled. The label should include the following information: Student's name, name of medication, dosage needed, and time of dispensing the medication.

Section 9 Reporting Child Abuse

Nebraska State Law and school policy mandates school officials to make a report to the proper law enforcement agency or the Department of Health and Human Services (Child Protective Services) when there is reasonable cause to believe that a child has been abused or neglected, or a child is in a situation which would reasonably result in abuse or neglect. According to Nebraska State Law, abuse or neglect means knowingly, intentionally, or negligently causing or permitting a minor child to be:

- A. Placed in a situation that endangers his or her life or physical or mental health;
- B. Cruelly confined or cruelly punished;
- C. Deprived of necessary food, clothing, shelter, or care;
- D. Left unattended in a motor vehicle if such minor child is six years of age or younger;
- E. Sexually abused; or
- F. Sexually exploited by allowing, encouraging, or forcing such person to solicit for or engage in prostitution, debauchery, public indecency, or obscene or pornographic photography, films, or depictions.

Employees are to inform their principal or supervisor in the event they become aware of child abuse or neglect. Be as specific as possible with what, when, and where you observed the abuse or neglect and anything which you may have heard said by the student or others. It is vital that your report to school officials be made as accurately and as soon as possible. Timeliness in making a report will assist in minimizing further risk to the child

Do not talk about the matter directly with the parent or others, as that may violate confidentiality restrictions, affect the ability of authorities to investigate, create problems with relationships and create legal problems. The school administration will consider your information, conduct any further investigation needed to justify a report, and determine whether a report of child abuse or neglect is to be made. If the person who you have reported to does not make a report to the police or Child Protective Services, and you feel a report should be made, report the matter directly to the Superintendent.

Article 5 – CLASSIFIED POSITION AND PERSONAL CONDUCT AND PERFORMANCE

Principle II - Commitment to the Student:

Mindful that the employee's classified position exists for the purpose of serving the best interests of the school district's students and patrons, the classified employee shall perform his/her job duties with genuine interest, concern, and consideration for the student. The employee shall work to stimulate the spirit of inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals.

In fulfillment of the obligation to the student, the employee:

- A. Shall make reasonable effort to protect the student from conditions which interfere with the learning process or are harmful to health or safety.
- B. Shall keep in confidence personally identifiable information that has been obtained in the course of employment, unless disclosure is approved by the administration or is required by law.
- C. Shall not discipline students using corporal punishment.

Principle III - Commitment to the Public:

The magnitude of the responsibility inherent in the education process requires dedication to the principles of our democratic heritage. The classified employee bears responsibility for instilling an understanding of the confidence in the rule of law, respect for individual freedom, and a responsibility to promote respect by the public for the integrity of the profession.

In fulfillment of the obligation to the public, the employee:

- A. Shall not misrepresent an institution with which the employee is affiliated, and shall take added precautions to distinguish between the employee's personal and institutional views.

Principle IV - Commitment to Classified Position Employment Practices:

The employee shall regard the employment agreement as a pledge to be executed both in spirit and in fact. The employee shall believe that sound personnel relationships with governing administration and board of education are built upon personal integrity, dignity, and mutual respect.

In fulfillment of the obligation to professional employment practices, the employee:

- A. Shall apply for, accept, offer, or assign a position or responsibility on the basis of preparation and legal qualifications.
- B. Shall not knowingly withhold information regarding a position from an applicant or employer, or misrepresent an assignment or conditions of employment.
- C. Shall give prompt notice to the employer of any change in availability of service.
- D. Shall conduct job related business through designated procedures, when available, that have been approved by the employing agency.
- E. Shall not assign to unqualified personnel, tasks for which an employee is responsible.
- F. Shall permit no commercial or personal exploitation of his or her professional position.
- G. Shall use time on duty and leave time for the purpose for which intended.

Section 2 Role Model

Employees serve as role models for students and their actions and conduct reflect on the school as a whole. Employees are in all respects to conduct themselves in a manner supportive of the mission of the school.

Section 3 Relationships

It is important for employees to maintain an effective working relationship with the administration, co-workers, students and parents. Appropriate relationships are established by extending social courtesies, following through on commitments and promises, complying with administrative directives and Board policies, being honest and consistent, and not intruding into personal matters outside the scope of duties or gossiping or spreading rumors about others.

Section 4 Attire

It is important for employees to project a responsible, adult image to students, parents and co-workers. Appropriate attire and grooming is one of the means of projecting such an image. Employees are expected to maintain conservative attire and grooming when on duty. As a minimal guide, employees should not wear clothing which students would not be permitted to wear at school. Employees should wear clothing which is safe and suitable for their work assignments; and avoid clothing which may be caught in machinery. The administration may establish more detailed guidelines for individual employees should that be necessary. Personal paraphernalia and grooming materials should be left out of the classroom or in an accessory bag out of the students view. These items are for personal use outside of the classroom, (i.e. lotion, nail polish, brushes, etc.).

Section 5 Outside Employment

Employees shall not perform other work or engage in activities unrelated to District employment during duty hours. In addition, employees shall not engage in employment which conflicts with their

school duties. Employees are not required to notify the District of outside employment except: (1) employees who are also employed by another Nebraska school district in order to comply with Nebraska State Retirement System regulations and (2) employees who have a work-related injury in order to comply with workers' compensation requirements.

Article 6 – USE OF SCHOOL FACILITIES AND EQUIPMENT

Section 1 Drug-Free Workplace

The District has established the school as a drug-free workplace. The drug-free workplace for this purpose includes school grounds, school utilized vehicles, and places in which school activities are held.

The unlawful manufacture, distribution, disposition, possession, or use of a controlled substance is prohibited in the workplace. The possession, use or distribution of illicit drugs or alcohol, the use of glue or aerosol paint or any other chemical substance for inhalation, and being under the influence of illicit drugs, alcohol, or inhalants, is prohibited in any place while employees are on duty time. Any level of impairment from illicit drugs, alcohol, or inhalants, and the presence of any odor of illicit drugs (such as marijuana) or alcohol on an employee in the workplace or on duty time shall be a violation of the drug-free workplace. The possession or distribution of a look-alike drug or look-alike controlled substance is prohibited. In addition, employees are expected to serve as role models for students and will be considered to have violated the District's expectations in the event the employee commits a criminal drug or alcohol offense off the work place or off duty time.

As a condition of employment employees will abide by the District's drug-free workplace policies and notify the Administrator of any criminal drug statute conviction for a violation occurring in the workplace no later than 5 days after such conviction. Disciplinary sanctions up to and including termination of employment and referral for prosecution will be imposed for violations of the District's drug-free workplace policies. Sanctions may include the requirement that the employee complete an appropriate rehabilitation program, a reprimand, and termination of employment. Drug and alcohol counseling and rehabilitation and reentry programs are available through local health agencies.

Section 2 Smoke and Tobacco-Free Workplace

All of our school buildings, grounds, and school vehicles are smoke and tobacco-free. Burwell Public Schools prohibits the use of products containing tobacco and nicotine including, but not limited to, cigarettes, cigars, miniature cigars, smokeless tobacco, snuff, chew, clove cigarettes and electronic nicotine delivery systems. We would appreciate your help in meeting the goal of a smoke and tobacco-free environment for our children.

Section 3 Weapon-Free Workplace

The District prohibits any person from being in possession of a weapon at a school attendance facility, on school property, at a school-supervised activity, or at a school-sponsored function. Any employee found to be in violation of this policy shall be subject to disciplinary action, up to and including termination.

The term "weapon" means an instrument or object used, or which may be used, as a means of attack, defense, or destruction, including, without limitation:

- A. Any object which will, or is designed to, or may readily be converted to, expel a projectile by the action of an explosive or other means;

- B. The frame or receiver of any object described in the preceding example;
- C. Any firearm muffler or silencer;

- E. Any bludgeon, sandclub, metal knuckles, or throwing star;
- F. Any knife other than as used for strictly instructional or personal care or eating purposes. A pocket knife with a blade of 2-1/2 inches or more is a prohibited weapon. A switch-blade knife is prohibited regardless of size of the blade. A switch-blade knife is defined as a knife with a blade that opens automatically by hand pressure applied to a button, spring, or other device in the handle of a knife, or any knife having a blade that opens or falls or is ejected into position by the force of gravity or by an outward, downward, or centrifugal thrust or movement;
- G. Any electronic device designed to discharge immobilizing levels of electricity, commonly known as a stun gun; and
- H. A employee may possess mace or other similar chemical agents in quantity and/or concentration typically designed for individual personal defensive purposes shall not be considered as possession of a weapon. Possession of larger quantities and/or concentrations of mace or other similar chemical agents than is typically designed for individual personal defensive purposes will be considered as possession of a weapon. Usage of mace or other similar chemical agents will be considered as usage of a weapon if the usage is found to be for non-defensive purposes. A employee who is negligent in their possession of mace or other similar chemical agents will be subject to disciplinary action.
- I. A employee may possess an item which may be considered a weapon where such item is used for instructional purposes and the employee has received approval of the administration to possess the item, provided it is used in the manner approved and is maintained in such manner as the administration has directed.
- J. Any other object that is designed for or intended for use as a destructive or injurious device.

The phrase "possession of a weapon" includes, without limitation, a weapon in a employee's personal possession, as well as in a employee's motor vehicle, desk, locker, briefcase, backpack, or purse.

Section 4 Use of District Computer Network and Internet

Internet Safety and Acceptable Use Policy

- A. Internet Safety Policy - It is the policy of Burwell Public Schools to comply with the Children's Internet Protection Act (CIPA) and Children's Online Privacy Protection Act (COPPA). With respect to the District's computer network, the District shall: (a) prevent user access to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) provide for the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications; (c) prevent unauthorized access, including so-called "hacking," and other unlawful activities online; (d) prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; (e) obtain verifiable parental consent before allowing third parties to collect personal information online from students; and (f) implement measures designed to restrict minors' access to materials (visual or non-visual) that are harmful to minors.
 - a. Definitions. Key terms are as defined in CIPA. "Inappropriate material" for purposes of this policy includes material that is obscene, child pornography, or harmful to minors. The term "harmful to minors" means any picture, image, graphic image file, or other visual depiction that: (1) taken as a whole and with respect to minors, appeals to a

prurient interest in nudity, sex, or excretion; (2) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and (3) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

- b. Access to Inappropriate Material. To the extent practical, technology protection measures (or “Internet filters”) shall be used to block or filter Internet, or other forms of electronic communications, access to inappropriate information. Specifically, as required by the CIPA, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors. Subject to staff supervision, technology protection measures may be disabled or, in the case of minors, minimized only for bona fide research or other lawful purposes.
- c. Inappropriate Network Usage. To the extent practical, steps shall be taken to promote the safety and security of users of the District’s online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications. Specifically, as required by CIPA, prevention of inappropriate network usage includes: (a) unauthorized access, including so-called ‘hacking,’ and other unlawful activities; and (b) unauthorized disclosure, use, and dissemination of personal identification information regarding minors.
- d. Supervision and Monitoring. It shall be the responsibility of all members of the District staff to supervise and monitor usage of the online computer network and access to the Internet in accordance with this policy and CIPA. Procedures for the disabling or otherwise modifying any technology protection measures shall be the responsibility of the Superintendent and the Superintendent’s designees.
- e. Social Networking. Students shall be educated about appropriate online behavior, including interacting with others on social networking websites and in chat rooms, and cyberbullying awareness and response. The plan shall be for all students to be provided education on these subjects. The Superintendent or the Superintendent’s designee shall be responsible for identifying educational materials, lessons, and/or programs suitable for the age and maturity level of the students and for ensuring the delivery of such materials, lessons, and/or programs to students.
- f. Parental Consent. The District shall obtain verifiable parental consent prior to students providing or otherwise disclosing personal information online.
- g. Adoption. This Internet Safety Policy was adopted by the Board at a public meeting, following normal public notice.
- h. The District shall comply with the Nebraska Student Online Personal Protection Act and will endeavor to take all reasonable and necessary steps to protect the online privacy of all students.

B. Computer Acceptable Use Policy - This computer acceptable use policy is supplemental to the District’s Internet Safety Policy.

- a. Technology Subject to this Policy. This Computer Acceptable Use Policy applies to all technology resources of the District or made available by the District. Technology resources include, without limitation, computers and related technology equipment, all forms of e-mail and electronic communications, and the internet.
- b. Access and User Agreements. Use of the District technology resources is a privilege and not a right. The Superintendent or designee shall develop appropriate user agreements and shall require that employees, students (and their parents or guardians),

and others to sign such user agreements as a condition of access to the technology resources, as the Superintendent determines appropriate. Parents and guardians of students in programs operated by the District shall inform the Superintendent or designee in writing if they do not want their child to have access. The Superintendent and designees are authorized and directed to establish and implement such other regulations, forms, procedures, guidelines, and standards to implement this Policy. The technology resources are not a public forum. The District reserves the right to restrict any communications and to remove communications that have been posted.

- c. Acceptable Uses. The technology resources are to be used for the limited purpose of advancing the District's mission. The technology resources are to be used, in general, for educational purposes, meaning activities that are integral, immediate, and proximate to the education of students as defined in the E-rate program regulations.
- d. Unacceptable Uses - The following are unacceptable uses of the technology resources:
 - i. **Personal Gain**: Technology resources shall not be used, and no person shall authorize its use, for personal financial gain other than in accordance with prescribed constitutional, statutory, and regulatory procedures, other than compensation provided by law.
 - ii. **Personal Matters**: Technology resources shall not be used, and no person shall authorize its use, for personal matters unless the User has entered into a lease agreement or other similar agreement with the School District that makes such use permissible under law.
 1. Occasional use that the Superintendent or designee determines to ultimately facilitate the mission of the District is not prohibited by this provision. Examples of occasional use that may be determined to ultimately facilitate the mission of the District: sending an e-mail to a minor child or spouse; sending an e-mail related to a community group in which an employee is a member where the membership in the community group facilitates the District's mission.
 2. This occasional use exception does not permit use by employees contrary to the expectations of their position. For example, employees may not play games or surf the net for purposes not directly related to their job during duty time; nor may students do so during instructional time.
 3. The occasional use exception also does not permit use of the technology resources for private business, such as searching for or ordering items on the internet for non-school use; or sending an e-mail related to one's own private consulting business.
 - iii. **Campaigning**: Technology resources shall not be used, and no person shall authorize its use, for the purpose of campaigning for or against the nomination or election of a candidate or the qualification, passage, or defeat of a ballot question.
 - iv. **Technology-Related Limitations**: Technology resources shall not be used in any manner which impairs its effective operations or the rights of other technology users. Without limitation:
 1. Users shall not use another person's name, log-on, password, or files for any reason, or allow another to use their password (except for authorized staff members).

2. Users shall not erase, remake, or make unusable another person's computer, information, files, programs or disks.
 3. Users shall not access resources not specifically granted to the user or engage in electronic trespassing.
 4. Users shall not engage in "hacking" to gain unauthorized access to the operating system software or unauthorized access to the system of other users.
 5. Users shall not copy, change, or transfer any software without permission from the network administrators.
 6. Users shall not write, produce, generate, copy, propagate, or attempt to introduce any computer code designed to self-replicate, damage, or otherwise hinder the performance of any computer's memory, file system, or software. Such software is often called a bug, virus, worm, Trojan horse, or similar name.
 7. Users shall not engage in any form of vandalism of the technology resources.
 8. Users shall follow the generally accepted rules of network etiquette. The Superintendent or designees may further define such rules.
- v. Other Policies and Laws: Technology resources shall not be used for any purpose contrary to any District policy, any school rules to which a student user is subject, or any applicable law. Without limitation, this means that technology resources may not be used:
1. to access any material contrary to the Internet Safety Policy; or to create or generate any such material.
 2. to engage in unlawful harassment or discrimination, such as sending e-mails that contain sexual jokes or images.
 3. to engage in violations of employee ethical standards and employee standards of performance, such as sending e-mails that are threatening or offensive or which contain abusive language; use of end messages on e-mails that may imply that the District is supportive of a particular religion or religious belief system, a political candidate or issue, or a controversial issue; or sending e-mails that divulge protected confidential student information to unauthorized persons.
 4. to engage in or promote violations of student conduct rules.
 5. to engage in illegal activity, such as gambling.
 6. in a manner contrary to copyright laws.
 7. in a manner contrary to software licenses.
- C. Disclaimer. The technology resources are supplied on an "as is, as available" basis. The District does not imply or expressly warrant that any information accessed will be valuable or fit for a particular purpose or that the system will operate error free. The District is not responsible for the integrity of information accessed, or software downloaded from the Internet.
- D. Filter. A technology protection measure is in place that blocks and/or filters access to prevent access to Internet sites that are not in accordance with policies and regulations. In addition to blocks and/or filters, the District may also use other technology protection measures or procedures as deemed appropriate. Notwithstanding technology protection measures, some inappropriate material may be accessible by the Internet, including material that is illegal,

defamatory, inaccurate, or potentially offensive to some people. Users accept the risk of access to such material and responsibility for promptly exiting any such material. The technology protection measure that blocks and/or filters Internet access may be disabled only by an authorized staff member for bona fide research or educational purposes: (a) who has successfully completed District training on proper disabling circumstances and procedures, (b) with permission of the immediate supervisor of the staff member requesting said disabling, or (c) with the permission of the Superintendent. An authorized staff member may override the technology protection measure that blocks and/or filters Internet access for a minor to access a site for bona fide research or other lawful purposes provided the minor is monitored directly by an authorized staff member.

- E. Monitoring. Use of the technology resources, including but not limited to internet sites visited and e-mail transmitted or received, is subject to monitoring by the administration and network administrators at any time to maintain the system and insure that users are using the system responsibly, without notice to the users. Users have no privacy rights or expectations of privacy with regard to use of the District's computers or Internet system. All technology equipment shall be used under the supervision of the Superintendent and the Superintendent's designees.

- F. Sanctions. Violation of the policies and procedures concerning the use of the District technology resources may result in suspension or cancellation of the privilege to use the technology resources and disciplinary action, up to and including expulsion of students and termination of employees. Use that is unethical may be reported to the Commissioner of Education. Use that is unlawful may be reported to the law enforcement authorities. Users shall be responsible for damages caused and injuries sustained by improper or non-permitted use.

Section 5 Use of School Facilities

Employees who are issued keys to the school are expected to not lose their keys and to not allow others to have access to or to use their keys. Employees are permitted to have access to school facilities during non-school time provided your Principal or supervisor has given permission and such access is for work-related purposes. When employees leave the building, they are to close all windows, lock doors, and make sure that the entry door is fully closed and locked. This is especially important when employees are using the school facilities prior to the beginning of the school year and during any weekend or evening usage.

School property is to be used for approved work-related purposes and not for personal purposes or for personal gain or benefit. Use of school supplies (paper, staples, etc.), school equipment (copiers, fax machines, telephones, etc.), and school postage is to be used for approved school-related purposes

only. Any excess or surplus supplies or equipment, including items which have been placed in the trash, should not be removed for non-school use without approval from the administration.

Section 6 Care of School Property

Employees are responsible for the proper care of all books, equipment, supplies and furniture supplied by the school. If an item is in need of maintenance or repair, report it to the Principal. If you learn that a student or staff member has damaged school property or equipment, or if you are responsible for damage to school property, promptly report it to the Principal so the item may be replaced or repaired if possible and appropriate responsibility for the cost of replacement or repair may be determined.

Section 7 Use of Telephone

Personal telephone calls shall not be made during duty time except in the event of an emergency. Long distance calls on school telephones must be made from the office. You will need to promptly log long distance calls and be responsible for any charges which are for personal use.

Section 8 Visitors

Employees are not to have visitors on school property except on a short-term basis and only with permission of the principal. Included in the definition of visitors are family members of the employee. Visitors should follow posted procedures for being on school property.

Section 9 Salespersons

Employees need not allow, and should not permit, any salesperson or representative or agent of any commercial enterprise or theatrical presentation to contact the employee while engaged in the employee's duties except for such times as may be designated by the Superintendent or designee.

Employees shall not use classrooms, buildings or other school property for personal use or profit without specific approval from the Superintendent or designee. Employees shall not use time for which the employee is on duty or paid by the District to engage in any activity for personal financial profit. Any violation of this policy will be held to be willful insubordination.

Section 10 Security of Desks and Lockers

Offices, employee desks, lockers, file cabinets and other such storage devices ("storage devices") are owned by the school and are to be properly cared for and maintained. Appropriate security measures should be used to protect school and personal property kept in storage devices from theft or vandalism and to protect confidential student records.

The school exercises exclusive control over school property and reserves the right to search offices and storage devices provided to or used by employees where permitted by law, such as where reasonable grounds exist for suspecting that a search will turn up evidence that the employee has committed work-related misconduct, or that a search is necessary for a noninvestigatory work-related purpose, such as to retrieve a file. School-related documents or records must remain readily available to administration and other appropriate school staff. Any personal items an employee wants to have kept private should be kept in a separate personal storage device, such as a briefcase, purse or backpack.

The District is not responsible for any personal property employees may bring to school. Employees are cautioned not to bring large amounts of money or items of significant value to school.

Section 11 Video Surveillance

The Board of Education has authorized the use of video cameras on School District property to ensure the health, welfare and safety of all staff, students and visitors to District property, and to safeguard District facilities and equipment. Video cameras may be used in locations as deemed appropriate by the Superintendent.

Notice is hereby given that video surveillance may occur on District property. In the event a video surveillance recording captures a student or other building user violating school policies or rules or local, state or federal laws, the video surveillance recording may be used in appropriate disciplinary proceedings against the employee or other building user and may also be provided to law enforcement agencies.

Section 12 Bulletins and Announcements

Bulletin boards and display cases are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution will need to be approved by the Principal's office. Posters are not to be attached to any painted wall surfaces. The person or organization responsible for distributing the posters is responsible to see that all posters are removed within 48 hours after the event.

Section 13 Copyright and Fair Use Policy

It is the school's policy to follow the federal copyright law. Employees are reminded that, when using school equipment, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the "fair use" of a copyrighted work, including reproduction for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research" is not an infringement of copyright. The law lists the following factors as the ones to be evaluated in determining whether a particular use of a copyrighted work is a permitted "fair use," rather than an infringement of the copyright:

- the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- the nature of the copyrighted work;
- the amount and substantiality of the portion used in relation to the copyrighted work as a whole, and
- the effect of the use upon the potential market for or value of the copyrighted work.

Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is "fair." Employees should seek assistance from their immediate supervisor or the Principal if there are any questions regarding what may be copied.

Section 14 Lost and Found

Employees who find lost articles are asked to take them to the office, where the articles can be claimed by the owner.

Section 15 Safety

Safety Program and Safety Committee

The District has established a Safety and Security Management Plan which includes safety and security plans and procedures, including plans and procedures to address emergency and crisis situations. Employees are expected to be familiar with and to comply with the Safety and Security Management Plan. The Plan may be obtained for review or copy from the Principal or the Superintendent.

The District also has a safety committee to address employee accidents, injuries and work place conditions. A representative from each bargaining group plus representatives appointed by the administration serve on the committee. If you have a desire to serve on the committee, you should contact your supervisor or the Superintendent. Employees can make suggestions and/or report concerns to the safety committee by contacting a member of the safety committee or the Superintendent.

Safety Practices

Guidelines for safe work practices which employees should follow include the following:

1. Never stand on chairs, counters, tables, etc. Only use step stools, ladders and locking stools to stand, climb, etc., to reach high places, put things on bulletin boards, etc.
2. Always wear protective equipment (i.e., goggles, aprons, gloves, and ear protection).
3. Wipe up spills or report promptly to appropriate personnel. DO NOT assume someone else will do it.
4. Be aware of your surroundings. Pick up clutter, keep your work area or room clean and free of clutter, debris, etc.
5. Identify and report all hazards (i.e., broken equipment, broken or uneven floor surfaces, non-operating tools, windows, doors, etc.). Follow up if not repaired.
6. Do not use equipment if you are not familiar with it or operate machinery without proper training.
7. Do not carry heavy or bulky objects beyond your physical abilities. Get a cart, dolly or assistance. Know how to properly lift.
8. Report any injuries or medical problems to your supervisor immediately and complete the employee accident report.
9. Wear seatbelts when in vehicles where provided.
10. Do not do repetitive tasks for long periods of time (i.e., keyboarding, dipping cookies, cutting out things, filing, typing, etc.). Take breaks, learn and do stretching exercises, etc.

Do not engage in “horseplay.” Such conduct is a common cause of injuries and is not consistent with job duties.

As required by law, approved safety glasses will be required of every student and employee while participating in or observing vocational, technical, industrial technology, science, and art classes. All visitors to these areas must check out a pair of safety glasses when entering any of these areas.

Use of Personal Vehicles

Employees who drive school vehicles or volunteer to use their personal automobile to transport students must have a valid driver's license and proof of insurance. Employees will be provided a Driver's Certification form to verify this information and to be given instruction on emergency evacuation and first aid. Employees who drive school vehicles or transport students in their personal vehicles are responsible for following safe driving practices, including use of seat belts by all occupants, and are responsible for any injury or accident. Employees are not to use cell phones while driving a school vehicle or while transporting children.

Accidents

Every accident which results in a personal injury must be reported to the Principal immediately. In the event the injury involves a student, the employee responsible for the student either as employee, coach or sponsor is responsible for making the report. If the injury occurs in the presence of the employee, the employee is also responsible for making a report.

Workers Compensation

Employees are required to immediately report any work-related injury and/or work-related medical condition to their supervisor and complete all appropriate paperwork.

Section 3 Anti-discrimination & Harassment Policy

Elimination of Discrimination

The Burwell Public Schools hereby gives this statement of compliance and intent to comply with all state and federal laws prohibiting discrimination or harassment and requiring accommodations. This school district intends to take necessary measures to assure compliance with such laws against any prohibited form of discrimination or harassment or which require accommodations.

Preventing Harassment and Discrimination

Purpose: Burwell Public Schools is committed to offering employment and educational opportunity to its employees and students in a climate free of discrimination. Accordingly, unlawful discrimination or harassment of any kind by administrators, teachers, co-workers, students or other persons is prohibited. In addition, Burwell Public Schools will try to protect employees and students from reported discrimination or harassment by non-employees or others in the work place and educational environment.

For purposes of this policy, discrimination or harassment based on a person's race, color, national origin, gender, marital status, disability, religion or age is prohibited. The following are general definitions of what might constitute prohibited harassment.

In general, ethnic or racial slurs or other verbal or physical conduct relating to a person's race, color, religion, disability or national origin constitute harassment when they unreasonably interfere with the person's work performance or create an intimidating work, instructional or educational environment.

Age harassment (40 years of age and higher) has been defined by federal regulations as a form of age discrimination. It can consist of demeaning jokes, insults or intimidation based on a person's age.

Sexual harassment is defined by federal and state regulations as a form of sex discrimination. It can consist of unwelcome sexual advances, requests for sexual favors, or physical or verbal conduct of a sexual nature by supervisors or others in the work place, classroom or educational environment.

Sexual harassment may exist when:

- Submission to such conduct is either an explicit or implicit term and condition of employment or of participation and enjoyment of the school's programs and activities;
- Submission to or rejection of such conduct is used or threatened as a basis for employment related decisions, such as promotion, performance, evaluation, pay adjustment, discipline, work assignment, etc., or school program or activity decisions, such as admission, credits, grades, school assignments or playing time;
- The conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile, or offensive working, class room or educational environment.
- Sexual harassment may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented "kidding" or "teasing", "practical jokes", jokes about gender-specific traits, foul or obscene language or gestures, displays of foul or obscene printed

or visual material, and physical contact, such as patting, pinching or brushing against another's body.

Complaint and Grievance Procedures

Employees or students should initially report all instances of discrimination or harassment to their immediate supervisor or classroom teacher. However, if the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student is encouraged to go to the next level of supervision. In the case of a student, the Principal would be the next or alternative person to contact.

If the employee or student's complaint is not resolved to his or her satisfaction within five (5) to ten (10) calendar days, or if the discrimination or harassment continues, or if as a student you feel you need immediate help for any reason, please report your complaint to the Superintendent of Burwell Public Schools. If a satisfactory arrangement cannot be obtained through the Superintendent, the complaint may be processed to the Board of Education.

The supervisor, teacher or the Superintendent will thoroughly investigate all complaints. These situations will be treated with the utmost confidence, consistent with resolution of the problem. Based on the results of the investigation, appropriate corrective action, up to and including discharge of offending employees, and disciplinary action up to expulsion against a harassing student, may be taken. Under no circumstances will any threats or retaliation be permitted to be made against an employee or student for alleging in good faith a violation of this policy.

Section 4 Grievance Procedure for Persons with a Disability

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act address discrimination, harassment or failure to provide reasonable accommodations to persons with a disability. The following grievance procedure shall be used for resolution of complaints of alleged violations of the ADA or Section 504:

1. Complaints shall be filed with the ADA and Section 504 Coordinator. Complaints shall be made in writing, unless the Complainant's disability prevents such, in which event the Complaint can be made verbally.
2. Complaints shall set forth: (a) the name of the Complainant, (b) the address and telephone number or other such information sufficient to enable the Coordinator to contact the Complainant, (c) a brief description of the alleged violation, and (d) the relief requested by the Complainant.
3. Complaints shall be investigated by the Coordinator or the Coordinator's designee. Investigations shall be thorough, but informal, and the Complainant shall be given a full opportunity to submit evidence relevant to the complaint.
4. The Coordinator shall make a decision on the Complaint within thirty (30) days of the filing of the Complaint, unless such time period is extended by agreement of the Complainant. The decision shall be made in writing, shall set forth the Coordinator's proposed resolution of the Complaint, and shall be forwarded to the Complainant.
5. The Complainant shall have ten (10) days from the date the Coordinator's decision is sent to the Complainant to accept or reject the Coordinator's proposed resolution, and shall be deemed to have accepted the proposed resolution unless the Complainant rejects the proposed resolution within such time period. In the event the complainant rejects the proposed resolution, the complainant shall be given the opportunity to file a request for reconsideration within the ten

(10) days from the date the Coordinator's division is sent to the Complainant. The request for reconsideration shall be filed with the Coordinator. The Coordinator shall consider any additional information provided in the request for reconsideration and make a decision on the request for reconsideration within 10 (ten) days after the request for reconsideration was filed.

Section 5 Confidentiality of Student Records (FERPA)

The Family Educational Rights and Privacy Act (FERPA) gives parents and students over 18 years of age rights of access and confidentiality with respect to education records. Employees are expected to provide access rights and maintain the confidentiality of education records in accordance with FERPA and Board policy. Further information about FERPA and the District's policies under FERPA are found in Board policy and in the student handbook.

Section 6 Breakfast and Lunch Programs

The District participates in the National School Lunch Program. Employees are expected to keep information about the participation of students in the program confidential.

Section 7 Confidentiality of Protected Health Information

It is the policy of the District to develop and implement all necessary practices, policies, and procedures to comply with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) where and to the extent applicable and to maintain the privacy of protected health information (PHI), as that term is defined by HIPAA, that it receives, obtains, or transmits for employees and students. The District designates the Superintendent as its HIPAA privacy officer. Student and employee records containing PHI shall be accessible only to those who require such information to carry out their duties.

Appendix A Notice of COBRA Continuation Coverage Rights

**** Continuation Coverage Rights Under COBRA****

Introduction

You are receiving this notice because you have recently become covered under Burwell Public Schools health plan (the "Plan"). This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and to other members of your family who are covered under the Plan when you would otherwise lose your group health coverage. **This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it.** This notice gives only a summary of your COBRA continuation coverage rights. For more information about your rights and obligations under the Plan and under federal law, you should either review the Plan's Summary Plan Description or get a copy of the Plan Document from the Plan Administrator.

The Plan Administrator is Blue Cross/Blue Shield of Nebraska, P.O. Box 3248, Omaha, NE 68108 (402)390-1855. The Plan Administrator is responsible for administering COBRA continuation coverage.

COBRA Continuation Coverage

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in this notice. COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." A qualified beneficiary is someone who will lose coverage under the Plan because of a qualifying event. Depending on the type of qualifying event, employees, spouses of employees, and dependent children of employees may be qualified beneficiaries. Under the Plan, qualified beneficiaries who elect COBRA continuation must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because either one of the following qualifying events happens:

1. Your hours of employment are reduced, or
2. Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because any of the following qualifying events happens:

1. Your spouse dies;
2. Your spouse's hours of employment are reduced;
3. Your spouse's employment ends for any reason other than his or her gross misconduct;
4. Your spouse becomes enrolled in Medicare (Part A, Part B, or both); or
5. You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they will lose coverage under the Plan because any of the following qualifying events happens:

1. The parent-employee dies;
2. The parent-employee's hours of employment are reduced;
3. The parent-employee's employment ends for any reason other than his or her gross misconduct;
4. The parent-employee becomes enrolled in Medicare (Part A, Part B, or both);
5. The parents become divorced or legally separated; or
6. The child stops being eligible for coverage under the plan as a "dependent child."

Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to the employer and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee is a qualified beneficiary with respect to the bankruptcy. The retired employee's spouse, surviving spouse, and dependent children will also be qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, commencement of a proceeding in bankruptcy with respect to the employer to the extent retiree health coverage is provided, or enrollment of the employee in Medicare (Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event within 30 days of any of these events.

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator. The Plan requires you to notify the Plan Administrator within 60 days after the qualifying event occurs. You must send this notice to the Plan Administrator. Any additional Plan procedures for this notice must also be provided.

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. For each qualified beneficiary who elects COBRA continuation coverage, COBRA continuation coverage will begin on the date of the qualifying event.

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, enrollment of the employee in Medicare (Part A, Part B, or both), your divorce or legal separation, or a dependent child losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months.

When the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage lasts for up to 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

Disability extension of 18-month period of continuation coverage

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled at any time during the first 60 days of COBRA continuation coverage and you notify the Plan Administrator in a timely fashion, you and your entire family can receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. You must make sure that the Plan Administrator is notified of the Social Security Administration's determination within 60 days of the date of the determination and before the end of the 18-month period of COBRA continuation coverage. This notice should be sent to the Plan Administrator. Any additional Plan procedures for this notice must also be provided.

Second qualifying event extension of 18-month period of continuation coverage

If your family experiences another qualifying event while receiving COBRA continuation coverage, the spouse and dependent children in your family can get additional months of COBRA continuation coverage, up to a maximum of 36 months. This extension is available to the spouse and dependent children if the former employee dies, enrolls in Medicare (Part A, Part B, or both), or gets divorced or legally separated. The extension is also available to a dependent child when that child stops being eligible under the Plan as a dependent child. In all of these cases, you must make sure that the Plan Administrator is notified of the second qualifying event within 60 days of the second qualifying event. This notice must be sent to the Plan Administrator. Any additional Plan procedures for this notice must also be provided.

If You Have Questions

If you have questions about your COBRA continuation coverage, you should contact the Superintendent or Plan Administrator or you may contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA). Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's web site at www.dol.gov/ebsa.

Keep Your Plan Informed of Address Changes

In order to protect your family's rights, you should keep the Plan Administrator informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

Appendix B BURWELL PUBLIC SCHOOLS - STAFF COMPUTER USE POLICY

Staff members are responsible for good behavior on school computer networks. Communications on the network are often public in nature. General school rules for behavior and communications apply. Network or other computer use or storage areas are and will be treated as school property. Computers, files and communications may be accessed and reviewed by the administration, or their designee, and may be accessed by other computer users.
