

2025/2026 Testing Data Report

3rd - 8th Grade NSCAS Testing (ELA, Math, Science (5th & 8th))

For the 2025/2026 school year the Nebraska Department of Education changed the NSCAS test and process. In the past students took the same NSCAS test in the fall and spring semester. Now students take the MAP test in the fall, and then in the spring take a new NSCAS test that is different than previous NSCAS tests. In short, this is not an apples to apples comparison from fall to spring or from spring to spring.

K - 2nd MAP Testing (Math and Reading)

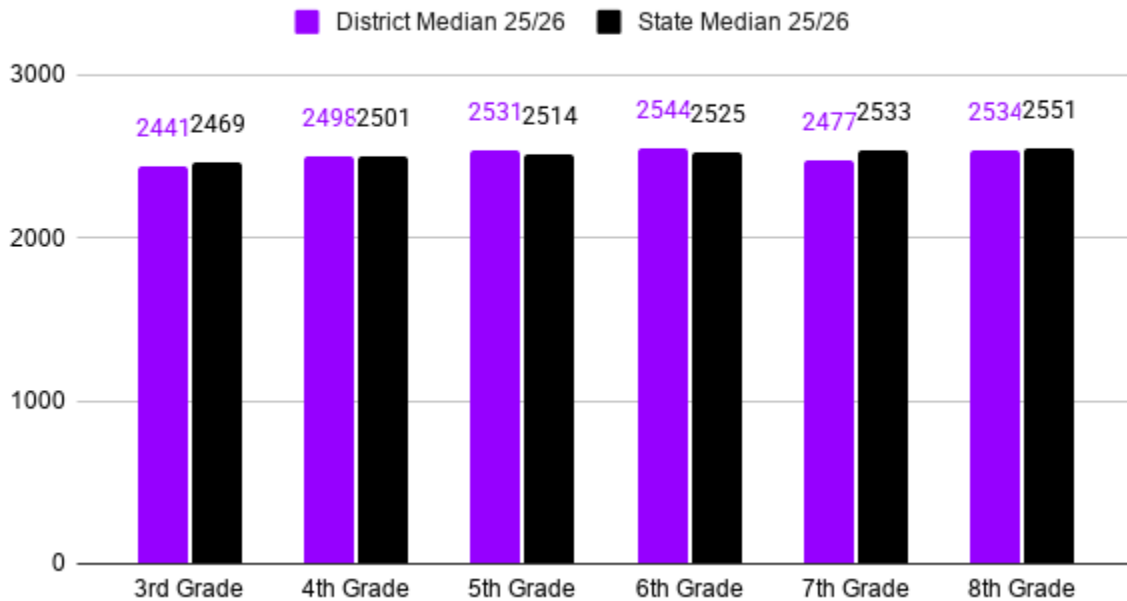

9th - 10th MAP Testing (ELA, Math, Reading, Science)

11th ACT

When comparing ACT scores to 2026 spring scores, please also note that the ACT has changed. The amount of questions in each section have decreased starting in 2026.

NSCAS Data

District Median Score vs State Median Score

**2 of the 6 grades we were above the state Median.
56 out of 104 students or 54% were proficient.**
